

**Indoor Absorbent
Printed**

Functional and washable logo entrance mat can be completely personalized using full colour printing with almost infinite colour combinations. This high quality multi-functional dust control mat not only cleans and dries shoes, to prevent dirt and moisture getting tracked in to facilities; it also provides an excellent opportunity to promote a brand or company name because most people primarily look to the floor. Nitrile rubber backing is washable up to 50°C with cleated pattern to minimize movement on all surfaces and to keep the mat elevated on hard floors to allow drying underneath. The printing method ensures brilliant colours all the way through with a colour fastness that is ensured, in accordance with DIN54006.

190

This washable logo mat can be fully customized with state-of-the-art printing technology allowing 3-dimensional effects, fine lines and colour shading, for each mat to have its truly individual image.
