**Product specification:**

Doormats Clean System Scrub are made of aluminum with Scrub insert. Profiles are coupled with stainless steel cord. Aluminum profiles are separate with rubber spacers. Construction allow us to easy roll for clearing and transporting the mat.

Doormats are manufactured in 17mm and 22mm high.

Free space between aluminum profiles can have between 3mm and 4,5mm.

Construction of doormats allow us to manufacture mats in any dimensions and shapes. Width of the mat is obtained as a result of cutting the profiles and length is obtained as a result of adding aluminum profiles and squeezing rubber spacers.
