

# 4Earth Neutral Floor Cleaner Cleaner & Degreaser

Neutral Floor Cleaner is a concentrated environmentally safe floor cleaner and degreaser.

It is formulated to effectively clean any hard surface. Its degreasing properties make it ideal for kitchens, restaurants, canteens etc.

## General Cleaning

Use appropriate PPE as indicated in the Safety Data Sheet and place Safety Signs.

Sweep down area to remove any loose debris.

Dilute 200ml per 5 litres of cold water.

Apply with a sprayer, mop or cloth.

For best results use machinery such as a rotary with appropriate cleaning brush or pad.

If cleaning machinery isn't available a clean mop and bucket will suffice.

Rinse down with clean water or lift off with a wet vac or scrubbing machine vac.

Once surface is dry, remove Safety Signs.

## Technical Data

Description:	Liquid
Colour:	Pink
pH-value:	10
Odour:	Citrus
Recoat Time:	N/A
Drying time:	N/A
Light traffic:	Immediately
Coverage:	8m <sup>2</sup> per litre. (surface dependant)
Packed:	5 litres / 25 Litres
Boiling Point:	100 degrees
Solubility:	Slightly soluble in water
Pack Make Up:	Single Pack
Storage:	Keep in a cool, dry, well ventilated area

**WARNING**
